# SERVICES

## ◆ FURNITURE AND APPLIANCE REMOVALS

Our team will handle every step of your removal process, no matter the volume or the destination of your move. All your household or Office items will be carefully packed with our innovative packing materials and loaded with care into our clean and regularly inspected trucks. To ensure that your home or Office is left in pristine condition, all exposed areas such as doors, routing walls, stairs or even lifts will be protected, at departure and destination. At DRC we handle your goods with maximum care, so you can move with peace of mind.

## ◆ PACKING

DRC Logistics have trained packing crews who use the best packing materials to make sure items are packed safely for the move. Fragile items are packed using packing paper, tissue, bubble wrap or polychips. Export-strength cartons in various sizes are used to accommodate books and heavy items. Furniture is wrapped with padding and transit blankets. On some occasions, export wrapping material is used to protect polished or antique items of furniture. Items can also be crated. One of our estimators will discuss packing with you. If you choose to pack yourself give yourself adequate time. DRC Logistics can supply packing cartons and materials for clients to pack belongings themselves. Owner-packed goods are not fully insured, whereas those packed by the mover are so you can move with peace of mind.
